

## How to upload Assignment.

Step –1 – To upload the assignment, login with your username and password in the portal.

You will receive the following dashboard.

The screenshot shows a web browser at the URL <https://interactives.school-network.net/Site/Dashboard>. The dashboard is for a user named "Demo Demo Student". The main navigation menu includes Home, My Live Classes, Courses, Homework & Quizzes, Polls, and My Files. The dashboard content is divided into several sections:

- Latest Announcements:** A section with a bell icon and the text "No messages".
- Pending Assignments, Homework & Polls:** A table with columns for Task, Due Date, and Status. It lists a "Demo Assignment" due on "9/17/2020 11:00 AM" with a status of "Not Started".
- Recently Visited Courses:** A section showing a course titled "Computer Application".
- Live Classes Now:** A section showing a live class scheduled for "September 10, 2020".

A blue arrow points from the "Demo Assignment" row in the table to the text below.

Click on this to start your assignment. After clicking on this you will get the following screen.

Add Comment

Click here to download the file. After the file will open Students will have to write the answers into their exam/cw copy.

Step-2---- After finishing writing in copy take the snap shot and for uploading it you need to click **Upload attachment** option.

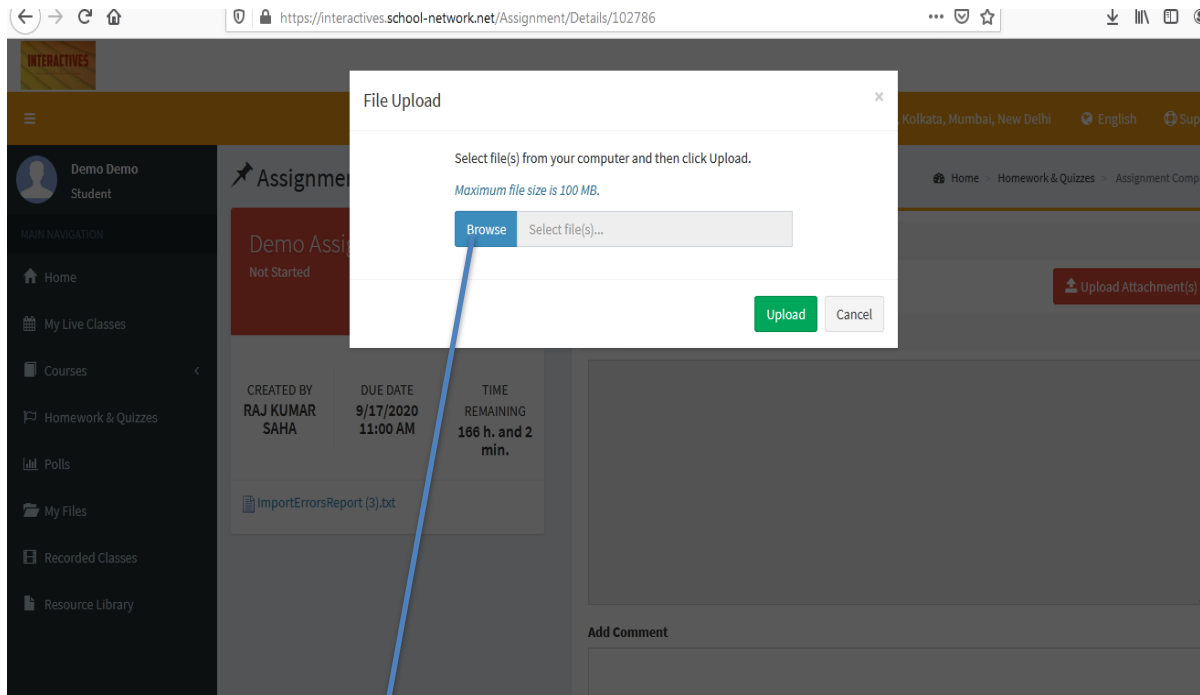

For Laptop/Computer you need to transfer file to laptop.

For mobile it will open Camera/Camcorder/Files.

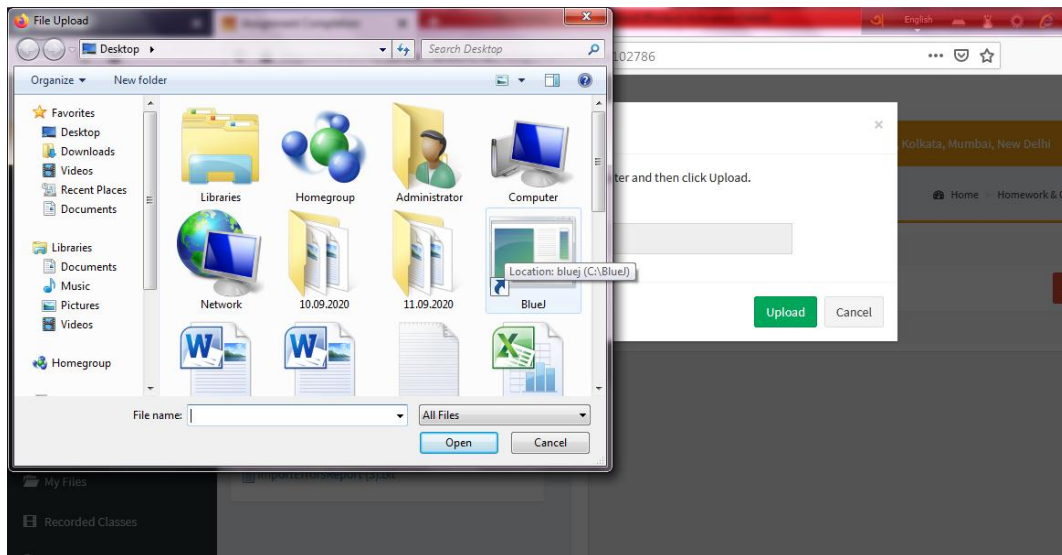

Choose camera if you want to take the snap and upload the same.

Choose Files and search for the files that you had just taken the snap shot.

Step-3 After clicking on the Upload attachment, the following screen will appear

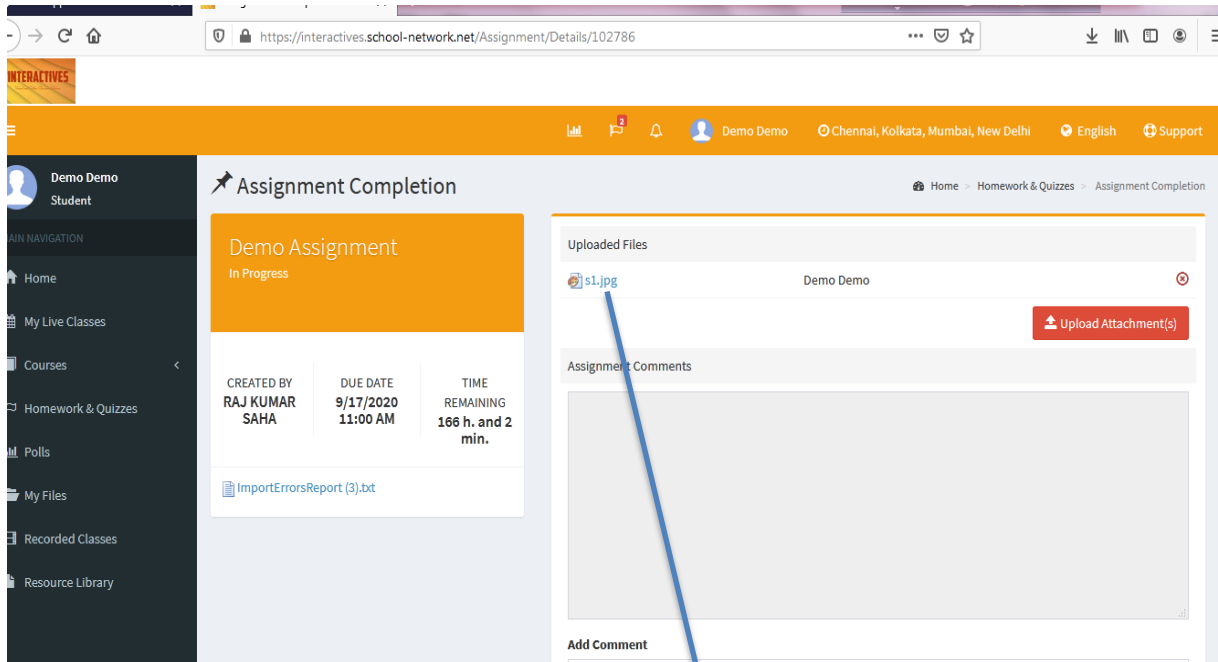

Click on the browse button.

Now you will have to select the file in Laptop/Desktop then click on the open button, Your file will be added.

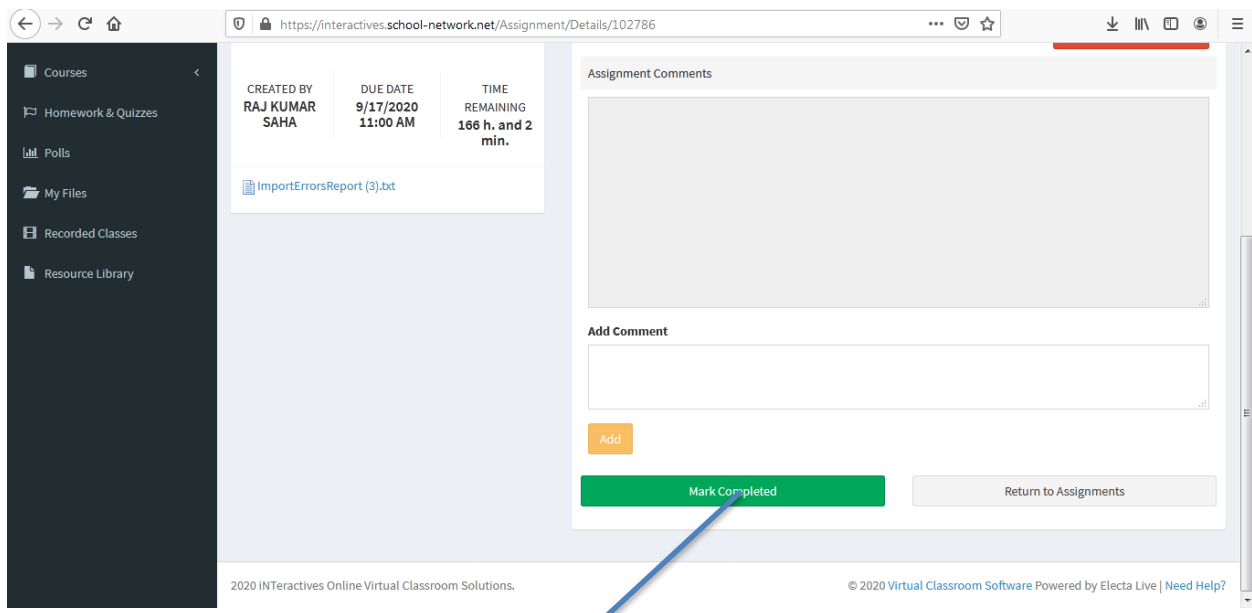

Now click on Upload button. As soon it will be uploaded it will show you the following screen.

This will show you the uploaded

files.

Step-4—Now go lower part of this same window you will get the following screen.

Click on marks as completed after you finish uploading

all files.
